A NeuroSpicy Money Ritual for Divinely Distracted Goddesses & StarSeeds

BY L'OREAL VENTURINI CAMELO
AKA NEUROSPICY MYSTIC

Tarot Reader · Intuitive · AuDHD Priestess

This Ritual is the EXACT same Money Spell on performed LIVE on TikTok for 1 hour 34 minutes. 32K watched an Ancestral Money Blockage turn into Divine Financial Righteousness.

This is the Ritual I performed when I left the 9-5 rat race due to extreme burnout as a Corporate Accountant, Computer Programmer, Mother of 4, & Neurodivergent being of light.

With an eviction notice posted on my door after 8 years in the same apartment, car about to get repossessed, and no one to turn to, I knew I had to go back to my roots, a natural born Intuitive, Spiritual Healer, and a generational Priestess, and invoke the divine magic that I was born with. If you've ever been in that position, close to, or even worse....it's your turn, to remove you're Ancestral Money Block using the same spell I created for myself & the collective, NOW!!

No gatekeeping. Just priestess energy.

Welcome, Divine One

Babe, if you're reading this, the universe glitched you into the right timeline.

This guide is for the divinely distracted. The neurodivergent Goddesses. The ones who got told their magic wasn't "real" because they don't follow the rules.

Forget the rules.

Your ADHD is not a flaw. It's a frequency. Your autism is not a deficit. It's a direct line. Your "too much" energy? That's your magic.

You don't need perfection. You need priestess energy. You need to believe abundance flows to you because you DESERVE it. Not when you've "earned" it. **Now.**

This is not theoretical magic. Every ritual here has been tested on my own broke-ass bank account. Every affirmation shifted my energy. Every spell works when you work it — when you're aligned with abundance.

No gatekeeping. No judgment. Just real magic for real results.

2027 is coded for us. Let's unlock it.

Why Money Is a Frequency

Money manifestation works on two levels: **the woo + the work**.

✦ The Energetic Level

Your vibration attracts your reality. Operate from lack, attract lack. Embody abundance BEFORE it arrives and you become a magnet.

Money is energy in physical form. It responds to your frequency like a tuning fork.

✦ The Practical Level

When you align with abundance, you naturally:

- **Notice opportunities** you missed before — that email, that DM, that sign.
- **Ask for what you're worth** with confidence — no more \$5 readings.
- **Decide from abundance, not desperation** — you stop settling.
- **Take inspired action** — that idea at 2am? That's the universe DMing you.

✦ Why NeuroSpicy Goddesses Are Powerful

You see patterns others miss. Your intensity is your superpower. Your brain hyperfocuses on wealth when we point it there.

✦ Money as Frequency = 4 Locks

1. **Flow** — Money moves TO you.
2. **Trust** — You believe it's coming.
3. **Worthiness** — You deserve it, period.
4. **Alignment** — Your energy matches your goals.

When all four click, the Cheat Code activates. Money flows.

Stop waiting on Amazon Prime. Real Goddesses use what's in the cabinet.

We call all 5 elements + Vibration, because money is energy and energy moves.

✦ The 6 Sacred Ingredients

1. Water | Flow + Emotion Moon water, rain water, tap water you blessed yourself. Your tears count — we've all cried over bills.

2. Air | Breath + Ideas Open a window. Let broke air OUT. No window? Your exhale is air magic. In Utica winter? Crack it 10 seconds. Goddess respects frostbite.

3. Earth | Body + Growth Soil, grass, twigs. Dead leaves = money that fell but you're calling it back.

4. Fire | Action + Transformation Green candle. No green? White candle plus a green Sharpie. The goddess reads intention, not receipts.

5. Aether | Your Divine Spark Your third eye. Your gut. That feeling you're meant for more? That's not anxiety, babe — that's your goddess tapping in. **369, 369, 369.**

6. Vibration | The Cheat Code Frequency Sound bowls or Spotify. These numbers unlock the vault:

The Altar Shopping List

✦ Raid Your Kitchen First

- **Green candle** — or a white one you dress in green.
- **Cinnamon** (powdered) — money runs to cinnamon like you run to coffee.
- **Bay leaves** — for writing wishes.
- **Salt** — I use Dead Sea because I'm extra. Morton's works. No salt shame.
- **Cloves** — protection + fast money.
- **Oil** — olive, almond, sunflower. Whatever's not from 2019.
- **Honey** — makes money stick to you. Literally.
- **Pen + paper** — receipt back works. Money likes receipts.
- **Tweezers** — or chopsticks to hold burning paper. Singed goddess = not the vibe.

✦ Raid Your Wallet

- **Coins** — quarters, pennies, foreign money. I keep Chinese yen + \$2 bills. Feng Shui said what it said.
- **Any currency** — Monopoly money works if you charge it with belief.

✦ Raid Your Spirit

- **Check the moon** — New Moon = plant seeds, Full Moon = harvest big bags.
- **Call your goddess** — I pulled a Goddess Oracle. You do you. Hecate, Lakshmi, your dead grandma. No wrong answers.
- **Loose herbs** — I used lavender, sage, lemongrass, rosehip seeds, fenugreek, sweet basil, apple slice. My cabinet was chaos. Yours can be too.

NeuroSpicy Tip: Forgot something? Pause. Grab it. The spell waits for YOU.

The Ritual — Steps 1 through 5

✦ Step 1: Ground Yourself

Before magic, be present. ADHD tax is real. Do this:

- Stand feet hip-width apart.
- 5 deep breaths: In 4, Hold 4, Out 4.
- Say: “I release distractions. I am here. I am present. I am powerful.”
- Feel your energy drop from your head to your feet. You’re in your body now.

✦ Step 2: State Your Intention — The Cheat Code

No vague “I want to be rich.” Be specific. Be delusional.

- “I attract \$7,000 by June 30.”
- “Money flows to me easily and effortlessly.”
- “I am a money magnet.”
- “Abundance is my natural state.”

Write it. Hold it. **FEEL it.** What does it feel like in your body? Relief? Joy? Gratitude? That feeling is your magic.

✦ Step 3: Build Your Money Bowl

- Green candle in the MIDDLE of the bowl.
- Coins circle the edge like you’re proposing to money. Because you are.
- Sprinkle herbs and cinnamon in the moat between.
- Drizzle oil clockwise. Then honey. No paper money yet — it gets soggy.

✦ Step 4: Cast Your Circle

Take salt. Walk clockwise around your setup. Sprinkle as you speak:

“I cast this circle for money, abundance, and ONLY light energy. No broke demons allowed. 369, 369, 369.”

(Full circle-casting incantation on the next page.)

✦ Step 5: Dress the Candle — Write Your Codes

Carve into the green candle:

- **\$YourName\$\$\$** — yes, with dollar signs. Tell the universe your legal name.
- **ABUNDANCE**
- **Your angel numbers** — mine are 333, 444.
- **47620** — the Money Elemental Code. Say it while you write: 4-7-6-2-0. The more you say it, the louder it gets.

Cast Your Circle — Lock Out Broke Energy

IMAGE SLOT · SALT_CIRCLE

Photo of you sprinkling Dead Sea salt clockwise

https://drive.google.com/uc?export=view&id=1JIIbVbB-h76ctZkan206w4_czWZELGDm

Babe, you wouldn't leave your purse open in Times Square. Don't leave your money spell open to random energy either.

Casting a circle = spiritual security system. It keeps broke spirits OUT and abundance energy IN. It tells the universe: "This ritual is VIP only. No haters, no debt collectors, no scarcity demons allowed."

✦ Why NeuroSpicy Goddesses Need This More

Your brain is a portal. You feel everything — other people's panic, TikTok comments, that email from your ex. Without a circle, you'll pick up broke energy mid-spell and think it's yours. It's not.

Circle = energetic noise-canceling headphones. ADHD-tax protection.

✦ What You Need

- **Salt** — I use Dead Sea Salt because I'm extra and it's charged AF. No Dead Sea? Table salt, pink Himalayan, Epsom. The goddess doesn't check brands. She checks intention.
- **Your finger or wand** — pointing finger works. You are the wand, goddess.
- **Your voice** — no whispering. Claim it.

NeuroSpicy Tip: Forgot salt? Use visualization. See a ring of white-gold light around you. Energy > ingredients.

✦ How to Cast — The NeuroSpicy Mystic Way

1. **Stand up. Take your salt.** Sit if you need to — Goddess accepts accessibility magic. Stand if you can; it makes your energy bigger.
2. **Start at the North**, or just pick a spot and call it North. We're not cartographers.
3. **Walk clockwise** around your entire altar setup. Sprinkle salt in an unbroken line. Clockwise = brings energy IN. Counter-clockwise = banishing. We want money IN.
4. **Speak this incantation** loud enough that broke energy hears you:

"I cast this circle for money, abundance, and ONLY light energy.

No broke demons allowed. No debt energy allowed. No scarcity mindset allowed.

No exes, no bill collectors, no 'you can't afford that' voices allowed.

Only ancestors who want me rich. Only goddesses who fund my dreams.

Only 888 Hz, 47620, and generational wealth energy may enter.

369, 369, 369 — I seal this circle in the name of my worth.

So it is. Money safe. Magic sealed. Period."

1. **Visualize.** See that salt line becoming a wall of gold light. Or purple. Or green. Whatever color feels expensive to you.
2. **Clap once** when you complete the circle. Sound breaks stuck energy. That clap = doors locked.

✦ What If You Mess Up the Circle?

ADHD real talk: You get distracted mid-sprinkle. Your kid yells. You forget what you were saying. Does the spell break? **No.**

Goddess fix:

- Stop. Breathe.
- Say: "Pause. Recalibrate. Resume."
- Start again from where you remember. The universe has ADHD too. She gets it.

Perfectionism is poverty energy. We don't claim it.

✦ To Close the Circle Later

After your candle burns out naturally and you've read your wax:

- Walk counter-clockwise around the same line.
- Say: "Circle open but never broken. Money flows in. Protection stays. Thank you. 47620."
- Sweep or vacuum the salt up. Throw it outside or in the trash. Don't reuse — it absorbed the broke energy you banned.

⚠ **Never leave a circle open forever.** That's like leaving your front door open. Close it when the ritual is done.

Steps 6 & 7 + The Incantation

IMAGE SLOT · BURNING_PAPER

Video still of you burning paper in the candle flame

<https://drive.google.com/uc?export=view&id=183rox3WhAhd11bg10zcm0MUjliZHucqb>

✦ Step 6: The Paper Spell — DNA Activation

Write the SAME thing on paper: **\$YourName\$, Abundance, 47620, Infinity.**

Infinity = generational wealth. (Or write “Generational Wealth” if you’re literal like me.)

Now **spit on it**. I’m dead serious. Your DNA is the signature. No one can steal this spell — it’s biometrically locked to YOU.

Fold paper TOWARDS you 3 times. Towards you = money comes TO you. Fold away = you stay broke.

ANOINT + CHARGE

Rub oil all over the candle. Roll it in cinnamon. Now it’s a money churro.

✦ Step 7: Burn the Bridge to Broke

IMAGE SLOT · TIKTOK_LIVE_BURN

TikTok Live screenshot of you burning the paper

https://drive.google.com/uc?export=view&id=1PH1HN7Ne_P0Z5ZA-aliN8hrBfXdbkBda

- Light the candle.
- Grab tweezers. Kiss the paper. Seal with love. Sprinkle cinnamon on the paper.
- Burn the paper in the candle flame. Let it turn to ash. **Ash = transformation. Broke you is dead.**

⚠ **SACRED RULE: DO NOT BLOW THE CANDLE OUT.** ⚠ Say it with me: “I don’t blow out money magic.”

Let it burn until it dies naturally. This could be 3 hours. Could be all night. Protect the flame like it's your bag. Close windows. Keep pets away. No drafts.

If it goes out early from a draft, the spell is saying "not yet" — don't panic. Recast next New Moon. The goddess isn't rejecting you, she's timing you.

Sit with it while it burns if you can. Watch the TikTok Live replay. Journal. Stare at the flame. **This is where Aether downloads codes into your nervous system.**

Once it's out and cold, go read your wax (next section).

Say This Incantation 3x — With Your Chest

“All that guides and protects us — we are calling on you to provide for our lives, our family, for abundance, wealth, health, positivity, love, for generations to come after me and generations walking with me now.

I invoke the elements as a charged force through vibration. I call on ancestors, spirits, guides, goddesses — guide this energy to shape our reality into overwhelming abundance.

Money, money in my pockets. Money in my hands. Money in my bank accounts. Generational wealth runs freely through me.

Come to me: Money, Money, Money. Abundance, Abundance, Abundance.

369, 369, 369 — sacred number for abundance and wealth.

47620, 47620, 47620 — may we never have hardship. May we never struggle. May we ALWAYS provide for ourselves and loved ones.

We honor Earth, the elements, and Mother — mind, body, spirit — and will continue to honor.”

✦ The Promise

“This paper is our promise — our intention to always keep you sacred. As you provide for us, we honor your spirit. This paper IS our new reality.

Under our moon cycle, protecting goddess, spirit guides, ancestors, angels — anyone guiding us in protective, loving, safe energy ONLY.

We ONLY call light energy, good intentions, good spirits. We will NOT bring in anything but that. I set my word on that.”

After the Flame

✦ 1. Pull a Card

I use the Heaven & Hell Angels + Demons deck. One angel guiding, one demon blocking. Know your enemies.

✦ 2. Read the Wax

Next morning, check the melted candle:

- **Circles** = money coming full circle.
- **Lines** = roads opening.
- **Blobs** = recast and focus, babe.

(Full wax-reading guide a few pages from here.)

✦ 3. ADHD Goddess Hacks

- **Forgot a step?** Goddess doesn't care. Intention > perfection.
- **Scared of fire?** Battery candle + visualize. Aether counts.
- **No privacy?** Bathroom spell. Lock the door. Goddess has seen worse.
- **When to recast:** New Moon = new money. Full Moon = big money. Thursdays = Jupiter expansion.

✦ 4. Signs It Worked

- Random coins on the ground.
- 888, 369, 520 on clocks and receipts.
- Old debt forgiven or unexpected refund.
- **\$2 bills start appearing.** That's the goddess winking.

Daily Affirmations

Say these daily. Morning is best. Out loud. **FEEL them.** Don't just say words — become the words.

- “Money flows to me easily and effortlessly.” — Feel it like water.
- “I am a magnet for abundance.” — Visualize money attracted to you.
- “I am worthy of wealth and prosperity.” — Sink into this. You ARE worthy. Period.
- “Abundance is my natural state.” — You're not becoming rich. You're remembering.
- “Money comes to me from expected and unexpected sources.” — Open to everywhere.
- “I receive with gratitude and joy.” — Gratitude is fuel.
- “My wealth expands every day.” — Money multiplies.
- “I am financially free and abundant.” — Feel the freedom.
- “My energy attracts unlimited prosperity.” — Your energy = your magic.
- “I am blessed beyond measure.” — You are. Full stop.

Tarot Spread for Abundance

✦ 3-Card Spread: Understanding Your Money Block

- **Position 1 — Left:** “What’s blocking my abundance?” The belief, pattern, or energy keeping money away.
- **Position 2 — Middle:** “What energy do I need to embody?” The vibration that attracts money.
- **Position 3 — Right:** “What’s coming to me?” The abundance flowing toward you.

EXAMPLE PULL

- **Card 1 — Five of Pentacles:** Scarcity mindset blocking flow. Action: daily affirmations.
- **Card 2 — The Star:** Reconnect with hope and trust. Action: meditate on possibilities.
- **Card 3 — Ace of Pentacles:** Major money opportunity coming. Action: stay open. Receive.

Pull these whenever you’re stuck. Not random — messages from your intuition.

Bonus Rituals

✦ Full Moon Money Ritual — Peak Power

Full Moon = energy at its HIGHEST. Do this within 3 days.

1. **Ground yourself** (see the Step 1 exercise).
2. **Acknowledge the moon:** “Thank you for amplifying my abundance magic.”
3. **Light the candle:** “This flame = full moon power amplifying my wealth.”
4. **Speak LOUD:** “I am a magnet for abundance. Money flows from all sources. I am worthy. I am blessed.”
5. **Visualize.** Eyes closed. See yourself WITH the money. Feel relief, joy, gratitude.
6. **Release:** “It is done. Universe amplifies my abundance. So it is.”

3-14 days after the Full Moon, abundance accelerates. Opportunities appear. Trust.

✦ New Moon Intention + Weekly Check-In

New Moon = dark sky, clear vision. Plant seeds.

Every New Moon, write 3 new intentions:

- “I attract \$X by [date].”
- “Money flows from [source].”
- “I am [abundant feeling].”

EVERY SUNDAY — 5-MINUTE ALIGNMENT

- **Gratitude:** List 3 ways you were abundant this week.
- **Affirmation:** Say 1 from the Daily Affirmations page.
- **Visualization:** 1 minute feeling yourself with the desired money.
- **Release:** “I trust abundance flows to me.”

5 minutes aligns you for the week.

How to Read Your Candle Wax

The flame goes out. The spell doesn't end. **The wax talks.**

✦ Rule #1 — Non-Negotiable

DO NOT BLOW THE CANDLE OUT. Ever. Blowing it out = blowing your money away. It's disrespectful to Fire. It tells the universe "I'm done" before the energy is sealed.

Let it die naturally. Protect the flame like it's your bag.

Once it's out **and cold**, read the wax.

✦ The 5 Money Shapes — Universal Codes

1. Circles / Rings → Full Circle Money Money coming back to you. Debt forgiven. Someone paying you back. The universe is closing the loop.

2. Straight Lines / Roads → Open Paths New income streams opening. Job offer, client, opportunity. Walk that road, babe.

3. Teardrops → Emotional Release Around Money You're crying out old poverty trauma. Good. Let it go so new money can come.

4. Spikes / Crowns → Sudden Windfall Unexpected money. Lottery energy. Bonus. Refund. Get ready to catch it.

5. Messy Blobs / Puddles → Recast Needed Energy was scattered. You were distracted mid-spell. ADHD tax is real. No shame. Recast next moon with more focus.

Overall energy of MY wax: Very active, intentional wax. It didn't collapse flat or scatter randomly — it pooled, rose, peaked, and anchored. That alone says your money spell had direction and resistance-breaking power, not just wishful energy.

Green wax reinforces this: growth, steady money, business income, long-term stability. Not “quick cash.” **This is empire energy.**

✦ Key Shapes — and What They Meant for Me

1. Tall Peaks / Upright Spires → Ambition Rising One of the strongest signs in candle work. Your financial goals are actively pushing upward. Momentum is building. Spiritually: your intention met resistance but pushed through it. The money energy is not blocked — it's climbing.

The fact that I had MULTIPLE peaks = more than one income stream. Money coming from different directions over time. This aligned perfectly: Etsy, Stripe, affiliates, client work. Not one paycheck.

2. Central Crater / Burn Core → Old Money Blocks Burning Out Deep, darkened, concentrated center. Scarcity thinking, fear of loss, inherited money patterns being released — not ignored. It's not negative. It's transformational. The spell didn't bypass the issue; it worked THROUGH it. This shows up when you're clearing generational broke energy.

3. Smooth Flowing Wax Pools → Sustainable Cash Smooth, rounded shapes — not jagged splatter. Money coming gradually and sustainably. Ease after effort. Less chaos, more consistency. Especially good for business growth, clients, long-term financial security. Earned money, not luck-based volatility.

4. Wax "Reaching" / Climbing Shapes → Opportunity Responding Some wax stretched upward like it's reaching. The spell wants you to meet it halfway. Doors are opening, but movement matters. If you take aligned action — outreach, posting, pitching, offering — the energy activates faster.

5. Ash + Herbs Embedded → Tools Accepted Instead of rejecting them, the wax embraced and anchored around them. Your tools were accepted. Your intention was coherent. Protection + grounding are present. Stable magic, not scattered energy.

The Deeper Read — Roses, Tears, & Waves

IMAGE SLOT · WAX_ROSES

Wax showing rose-petal layers

https://drive.google.com/uc?export=view&id=1MabQjy74SNhnJ_Ar6FhY4cMXI1zSRBxp

✦ 🌸 Rose Petals — The Primary Symbol

Rounded, overlapping, soft-edged shapes opening outward. **What this means in money work:**

- **Money unfolding organically, not forced** — you stop chasing, start allowing.
- **Worthiness + receiving** — prosperity tied to self-value, not struggle.
- **Pleasure, not stress** — financial energy aligned with joy.

This shows up when you're healing your relationship with money. You're no longer in survival mode. Your money comes through creative work, personal brand, business, or services. Sound familiar?

✦ 💧 Teardrops — The Emotional Clearing

Some shapes taper gently at one end — classic teardrop forms. **This is NOT sadness. This is RELEASE.**

- **Emotional clearing around money** — letting go of old grief, fear, disappointment tied to finances.
- **"Cleansing tears," not loss** — you released something quietly blocking abundance.

This appears when someone has outgrown survival mode, healed generational money wounds, and stopped tying money to self-sacrifice. January 2025: L'Oreal said "I quit" and meant it.

✦ 🌊 Waves of Water — The Underlying Current

Smooth, rhythmic, flowing curves. Very water-like. **Water symbolism in money magic:**

- **Consistent flow** — not sudden cash, but cash-flow energy.
- **Emotional ease around receiving** — money moving TOWARD you, not away.
- **Income that ebbs and returns** — clients, payments, opportunities in cycles.

Less feast-or-famine. More sustainable business growth.

✦ 🌸 Lotus vs Rose — Why You Saw Both

A lotus rises clean from murky water. A rose opens layer by layer.

Your wax is saying: **you DID rise above difficulty (lotus energy)**. You quit that job. You survived. **But now you're in the opening phase (rose energy)**. You're embodying. You're receiving.

- **Lotus** → survival → awakening.
- **Rose** → embodiment → receiving.

Your intuition wasn't wrong. It was progressive.

Integrated Message of Your Wax

Layer	Meaning
 Rose petals	Abundance opening through worthiness
 Teardrops	Emotional clearing around money
 Waves	Steady, sustainable financial flow

This is a very mature, grounded money-working result. It's not chaotic, sharp, or aggressive — it's **aligned**.

Quiet but important note: wax like this usually shows up when someone is stepping into a new financial identity, not just a new amount of money.

You're not just calling money in — you're becoming someone who can hold it calmly. You didn't just ask for money — you asked for the capacity to hold it. And the wax shows that's exactly what's forming. 🌱💚

✦ Gentle Guidance From the Wax — What to Do Next

To support what's already in motion:

- **Follow up with practical action within 7-14 days** — post, pitch, apply, offer. The roses want you to meet them halfway.
- **Speak money intentions out loud once more** — reinforces the peaks and opens petals wider.
- **Ground yourself after financial wins** — don't second-guess them. Rose energy = receive without guilt.

WANT TO AMPLIFY?

- **Read timing from the waves** — count the wave lines. That's how many weeks/cycles until the next flow.
- **Do a follow-up "rose sealing" candle** — pink candle + rose petals on the next Full Moon to lock in the worthiness.
- **Interpret for business vs. personal** — roses = business money. Waves = personal flow. You've got both.

✦ How Your Readers Use This

- Photo your wax once cold. Date it.
- Look for the 3 layers: petals = worthiness, teardrops = clearing, waves = flow.
- Ask: “Am I opening, releasing, or flowing?” The wax shows your phase.
- Screenshot + tag [@neurospicy_mystic](#) with [#RoseWaxReading](#). I repost every goddess.

NeuroSpicy Tip: No petals? No waves? Just smooth puddle? That means “trust, it’s working behind the scenes.” You’re still in lotus phase — rising. Keep going. Rose comes after.

Keep Going — The Truth

YOU'RE NOT DOING IT WRONG. EVEN IF NOTHING'S HAPPENED YET.

✦ Common Blocks

- **You don't believe it.** Belief is everything. Doubt creeps in? Repeat affirmations until belief solidifies.
- **You're trying too hard.** Manifestation = releasing, not forcing. You can't push a river.
- **No aligned action.** Magic + action = results. Opportunity shows up but you don't take it? You blocked yourself.
- **Old money stories.** "Money is evil" or "rich people are bad" sabotages you. Unpack these.

✦ Deepening Your Practice

- Repeat monthly.
- Journal blocks that come up.
- Use tarot to understand your money relationship.
- Daily affirmations — not just once.
- Find your money mentor. Hi, it's me.
- Join communities of women building wealth.

✦ Your Next Steps

- **Today:** do the Money Spell (Steps 1-7).
- **This week:** daily affirmations.
- **This month:** pull the tarot spread when stuck.
- **This season:** notice money flowing. Journal opportunities.
- **Going forward:** trust. Receive. Believe.

The Most Important Thing

✦ YOU ARE WORTHY OF ABUNDANCE.

Not when you've earned more. Not when you've proven yourself. Not when you finally "deserve" it.

NOW.

You are worthy **NOW.**

Abundance is your birthright. **Claim it. Spell for it. Receive it. Become it.**

Proof This Works

After casting this exact spell LIVE on TikTok for 1 hour 34 minutes:

-  **3 unexpected money deposits** hit my account within 7 days.
-  **Old client paid a \$200 invoice from 6 months ago** — full-circle money.
-  **Etsy orders spiked** — smooth waves of income started flowing.
-  **Candle wax formed rose petals** — worthiness activated.

Wax reading said “steady expansion, not instant windfalls.”

Bank account said “bet.”
